Introduction

• 2015 – saw the adoption of “Transforming our world” – 2030 Agenda on Sustainable Development.

• SDG 8 – Inclusive economies

• SDG 12 – Sustainable consumption and production

• SDG 17 – Creating an enabling environment, through the promotion of partnerships, cooperation, knowledge transfer and capacity building as well as technology transfer and financial cooperation.

• Adoption of the PARIS AGREEMENT – UNFCCC.

• The introduction of the Switch Africa Green is at a time when SDGs need to demonstrate action on the ground.

• Phase 1: SAG – attempts to address primarily – SCP.

• Phase 2: SAG – Continues to build on momentum gained in Phase 1
Introduction: National Policy Alignment

NDP
- Governance
- Chapter 5

IPAP & NIWMS
- Amendments to Waste Management Strategy on circular economy
- Manufacturing economic driver

NAS
- Relevant Legislation
- Chapter on Agriculture
- Sector Adaptation Strategy

• SWITCH Africa Green is an EU funded programme implemented by United Nations Environmental Programme (UNEP) in collaboration with United Nations Development Programme (UNDP) and United Nations Office for Project Services (UNOPS).

• SWITCH Africa Green has been developed to support African countries in their transition to an Inclusive Green Economy, and in promoting a shift to Sustainable Consumption and Production (SCP) patterns and practices.

• The three broad components for the SA SAG Programme include:

  • Policy Support
  • Green Business Development
  • Networking Facilitation
Country Outcomes

Output one:
To provide support to policy stakeholders in SA to be better informed and equipped policy relevant scientific information.

Output two:
Provide support to economic stakeholders in SA to be better equipped to identify and/or put in practice opportunities for green business development and markets (domestic and export) for sustainably produced goods and services.

Output three:
Contribute to distilling and dissemination of knowledge, lessons learnt and good practices to create broader awareness and buy-in on Green Economy and Sustainable Consumption and Production.
Components & Grantees

South Africa chose the following **three thematic areas** to address policy support and green business interventions:

- Agriculture
- Integrated waste management
- Manufacturing.

The grantees for phase one include the following 8 organizations:

- Conservation South Africa
- Fairtrade
- Fundacion Sustalde
- Living Lands
- Proudly South African
- REEEP
- SEED
- NCPC

Way Forward – Next Steps on approved Workplan

• Undertake consultations with key stakeholders
• Finalize timeframes and budgets
• Await feedback on successful grantee applications for Phase 2
• Continue with governance for Phase one & monitoring of progress of projects
• Review and update Inception Report for Phase 1.
